

## BIOGRAPHICAL SKETCH

Provide the following information for the key personnel and other significant contributors.  
Follow this format for each person. **DO NOT EXCEED FOUR PAGES.**

NAME <b>Bullock, Linda F. C.</b>	POSITION TITLE  <b>Professor</b>		
eRA COMMONS USER NAME			
EDUCATION/TRAINING <i>(Begin with baccalaureate or other initial professional education, such as nursing, and include postdoctoral training.)</i>			
INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	YEAR(s)	FIELD OF STUDY
Texas A & M University, College Station, TX	BS	1971	Biology
Texas Woman's University, Houston, TX	BS	1983	Nursing, Magna Cum Laude
Texas Woman's University, Houston, TX	MS	1987	Community Health Nursing, Summa Cum Laude
University of Otago Medical School, Christchurch, New Zealand	PhD	1996	Public Health

### A. Positions and Honors

#### Positions and Employment

1971 - 1976 Biological Laboratory Tech, National Cotton Pathology Laboratory, USDA  
 1976 - 1977 Research Tech, Dept. of Biochemistry, Baylor College of Medicine, Baylor, Texas  
 1979 - 1981 Research Tech, Dept. of Cell Biology, Baylor College of Medicine, Baylor, Texas  
 1983 - 1985 Staff Nurse Maternal Fetal Unit, Hermann Hospital, Houston, Texas  
 1984 - 1985 Office Nurse (part-time), Dr. Delbert Myers, (General Pediatrics), Houston, Texas  
 1985 - 1986 School Nurse, Burbank Middle School, Houston Independent School District, Houston, Texas  
 1986 - 1987 Full time graduate student, Texas Woman's University, Houston, Texas  
 1987 - 1988 Clinical Associate, Texas Woman's University, Houston, Texas  
 1991 - 1996 Part-time tutor Christchurch Polytechnic Institute, Christchurch, New Zealand  
 1992 - 1995 HRC postgraduate scholar, Christchurch School of Medicine, University of Otago, New Zealand  
 1994 - 1995 Adjunct faculty, Dept. of Nursing, Texas Woman's University, Houston, Texas  
 1994 - 1995 World Health Organization Visiting Fellow, Univ. of Texas School of Public Health  
 1995 - 1997 Senior Lecturer, Christchurch Medical School, University of Otago, New Zealand  
 1997 - 2003 Assistant Professor, Sinclair School of Nursing, University of Missouri-Columbia  
 2003 - 2007 Associate Professor, Sinclair School of Nursing, University of Missouri-Columbia  
 2007 - present Professor, Sinclair School of Nursing, University of Missouri-Columbia

#### Honors and Awards

1992-1995 Health Research Council New Zealand post-graduate scholarship  
 1994-1995 World Health Organisation Fellow, University of Texas School of Public Health, Center of Health  
 Promotion Research and Development  
 2000 Sigma Theta Tau: Margaret Woods Allen Outstanding Research Award  
 2000 Outstanding Undergraduate Clinical Faculty Award  
 2001 University of Missouri, Sinclair School of Nursing Excellence in Research Award  
 2003 Fellow, American Academy of Nursing  
 2004 Sigma Theta Tau: Margaret Woods Allen Outstanding Research Award  
 2009 University of Missouri, Faculty-Alumni Award

### C. Research Support

#### Ongoing

Bullock, Co-PI

02/2006 - 11/2011

NIH

*Domestic Violence Enhanced Home Visitation Program (DOVE)*: subcontract with Johns Hopkins University  
This study explores factors surrounding domestic violence and the efficacy of a nurse home visitation intervention to reduce violence in the lives of pregnant and postpartum women and their children.

Everett, PI

07/2004 - 06/2009

American Cancer Society

*Efficacy of Smoking Cessation Intervention for Expectant Fathers*

This project specifically aims to compare the effect of two different interventions on smoking cessation rates of expectant fathers and to evaluate the effect of the smoking cessation by expectant fathers on the smoking behavior of their pregnant partners.

Role: Co-Investigator

Bullock, PI

05/2005 - 04/2010

NIH/NICHD

*Nursing Support: Better Infant Outcomes in Violent Homes*

This study's primary aim is to determine if a nurse-delivered telephone social support intervention (weekly telephone calls as well as a 24-hour pager access to research nurses) which was delivered during pregnancy

and/or 2-years post-delivery will improve maternal and infant outcomes, especially in homes where children are exposed to intimate partner violence.

Everett, PI 07/01/2008-12/31/2009

Robert Woods Johnson Foundation

*Campus Community Alliances for Smoke-free Environments: Implementation Phase*

Role: Co-Investigator

This grant is to develop campus and community coalitions to effect policy changes in the area of tobacco cessation policy and screening for intimate partner violence in health care settings.

Everett, PI 07/01/2008-12/31/2009

Missouri Foundation for Health

*Tobacco Change Policy: A Collaborative for Healthier Communities and States*

Role: Co-Investigator

This grant is to develop campus and community coalitions to effect policy changes in the area of tobacco cessation policy on campus and in the community where the campus resides.

Everett, PI 11/01/2008-10/31/2011

Department of Health and Human Services, Missouri Foundation for Health

*MU Case and Smokebusters Phase II Tobacco Prevention and Cessation Initiative*

Role: Co-Investigator

This grant is to develop campus and community coalitions to effect policy changes in the area of tobacco cessation policy on the campus and in the community where the campus resides plus school-aged children between the 8<sup>th</sup> and 12<sup>th</sup> grade are targeted for smoking prevention with the Smokebuster program.

Completed

Everett, PI 11/2005 - 10/2008

Missouri Foundation for Health

*Mobilizing Tomorrow's Leaders for a Smoke-Free Missouri*

This project's overall goal is to prevent youth from using tobacco and reduce exposure to smoking in the workplaces by having students, teachers, parents, and community leaders work together against these problems.

Role: Co-Investigator

Everett, PI 01/2008 – 06/2008

Robert Woods Johnson Foundation

*Campus-Community Alliance for Smoke-Free Environments: Tobacco Policy Change.*

This grant is to develop campus and community coalitions to effect policy changes in the area of tobacco cessation policy and screening for intimate partner violence in health care settings.

Role: Co-Investigator

Finfgeld-Connett, PI 09/2005 - 08/2007

NIH

*Web-based Nursing Intervention for Female Problem Drinkers*

This study uses a web-based treatment intervention for female problem drinkers. The treatment includes reference materials, self-assessment aids, goal-setting and decision-making exercises, ask-an-expert service, asynchronous and synchronous chats.

Role: Co-Investigator

Bullock, PI 08/2001 - 04/2006

NIH/NINR

*Nursing Smoking Cessation Intervention During Pregnancy*

This study's primary aim is to determine whether a combination of an established smoking cessation educational program for pregnant women and a nurse-delivered telephone social support intervention (weekly telephone calls as well as having 24-hour pager access to research nurses) will increase pregnant women's smoking cessation or smoking reduction rates.

Bullock, PI

2006

Missouri Department of Health and Senior Services

*Missouri Model for Brief Smoking Cessation Training Award to Schools of Medicine & Nursing*
