5-day ELLC Training in Columbia: A Success
The week of July 18th was likely the hottest of the summer, but the 15 teachers stayed cool in learning all about the ELLC and how to help our young children be successful! The participants were from all over the state: Mexico, Columbia, Verona, Ashland, Wheaton, Harrisburg, New Haven, Scott City, Lebanon, and Buffalo. We had teachers who will be in MPP, Special Education, and Title I classrooms as well as community-based programs.

Bring a One-Day Workshop to Your Area
There are lots of possible topics for a one-day workshop. A few of them are:
- Adult-Child Interaction in Learning Centers in the ELLC
- Development of Phonological Awareness in the ELLC
- Building the Foundation: Focus on Oral Language in the ELLC
- Math/Science Experience in the ELLC

Participants will learn techniques and methods in the ELLC that enhance children’s communicative growth. For a list of other topics, go to: http://hdfs.missouri.edu/cfpr/documents/ellc/workshop.pdf

Quote of the Day:
“I have been doing various areas of shared storybook reading, but now I can do it so much better and in a routine so the children can learn at a better rate. The video clips were real life examples that allowed us to see the ELLC curriculum being implemented in a real classroom.”

Assistant Teacher Certified ELLC Instructors
Shirley Patterson, Ph.D., CCC-SLP
Eva Trumbower, M.S., CCC-SLP
Mary Joan Wood, MHS-CCC-SLP
Jennifer Lehr, M.S., CCC-SLP
Dana McMillan, MA

If you want the Institute to come to your area, contact Kathy Thornburg at 573 882-9998 or at ThornburgK@missouri.edu.

Resource: Check it out!
http://www.alleducationschools.com/early-childhood-education/resources/

This one resource has so much great information!
It covers all of the topics below:
- Professional Organizations; Early Childhood Education Licensing and Credentials; Early Childhood Education Research; Blogs;
- Early Childhood Education Resources; Tools, Quizzes and Lessons;
- Journals and Webinars; Education; Scholarships;
- Early Childhood Education Career Information; and Social Media.
