Sign up Today—3-Day In-Person ELLC Institute

Join us this summer in Columbia (**July 19-21**) for the 3-day ELLC Institute. To enroll, go to: <https://hdfs.missouri.edu/cfpr/emerging-language-and-literacy-curriculum/> You must sign up by June 28th to make sure you receive your ELLC manuals prior to the training.

Kindergarten Unit

As you know, there is a new Kindergarten unit that has been posted on the website for you to use this spring if you like. It is Unit 23 at this web address: <https://hdfs.missouri.edu/cfpr/emerging-language-and-literacy-curriculum/> It includes an introduction to the unit, the activities, outcomes, family bulletin in English and Spanish, and a kindergarten brochure.

Transitions

Transitions are difficult for many children—including those with IEPs—and they may need some special considerations. *The Division for Early Childhood of the Council for Exceptional Children* has a chapter in a monograph series you may want to read that shares ideas of how to support all children in the transition from preschool to kindergarten. Find it at this site:

In addition to this resource, there are many publications and videos on the website of the *Division for Early Childhood* that you may find useful.

Quote of the Day: What I liked best about the training:

“The presentations were great. Presenters were knowledgeable and considerate to all of us who had questions and comments. They made us all feel comfortable and positive.” Teacher

Coming Soon

The 3-day on-line ELLC Institute has been so popular (well, COVID is likely the reason), that we will have the equivalent of the 1-day **Math and Science in the ELLC** training ready for individuals to take on-line beginning by late summer. Watch for details in the newsletter when it will be available. Of course, we will still come to your district to provide this and other 1-day sessions as well. Look at this site for all possible trainings as you plan next year's professional development!
